

Section 1: Consumer rights information

As the energy consumer, you own the rights to create certificates for energy saving activities undertaken at your premises under the Victorian Energy Upgrades program. One certificate represents one tonne of carbon dioxide equivalent (CO₂-e) to be reduced by the activity. You are able to assign your right to create certificates to an accredited provider under the Victorian Energy Upgrades program. In assigning your right, the accredited provider will be entitled to create and own the certificates for the activity undertaken at your premises. In return, the accredited provider should provide you with an identifiable benefit (e.g. price reduction on a product, free installation or a cash-back arrangement). You are responsible for ensuring you are satisfied with the terms of the assignment of certificates to **Homelab**, the accredited provider (as detailed below) prior to proceeding with the activity. If you experience any issues with the outcome of this activity, you should contact **Homelab** to resolve the matter. For any outstanding issues, you can contact program staff members at the Essential Services Commission, the government body responsible for administering the program, by sending an email to veu@esc.vic.gov.au.

Section 2: Installation details and installer declaration**Part A: Installation details**

Installation details	
Installation address:	
Installation date:	
Was this activity undertaken at a scheduled activity premises?	<input type="checkbox"/> Yes <input type="checkbox"/> No

Installer details	
Name:	
Company name:	
Company address:	
Phone number:	
Electrician licence number (if required):	

High efficiency motor(s) details				
I have installed the following high efficiency motor(s) at the stated premises:				
Brand	Model	Rated output (kW)*	Number of poles**	Quantity installed

You may add more rows as required

**** Note that for high efficiency motors under 31A the motor must have 2, 4, 6 or 8 poles. For super premium efficiency motors under 31B the motor must have 2, 4 or 6 poles.**

Installation certificate details	
Is a Certificate of Electrical Safety required for the work undertaken?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Certificate of Electrical Safety number (if required):	
Please specify what method was used to decommission the product:	

Form of benefit: Delayed Cash	Amount of benefit provided for assignment of certificates:
--------------------------------------	--

Part B: Declaration by installer

I hereby declare that:

- I am licenced to undertake the installation of the motor(s) listed above (where required)
- where applicable, the consumer has been informed that a Certificate of Electrical Safety is required for the work undertaken and will be provided a copy of the relevant certificate within five working days of installation
- I confirm that the above activity was not undertaken at a scheduled activity premises listed on the Essential Services Commission's Register of Scheduled Activity Premises on the VEU Registry. If undertaken at a scheduled activity premises, I declare that the appropriate notification of intention to undertake prescribed activity has been made to the Essential Services Commission
- I have installed the above motor(s) in the stated premises in accordance with the manufacturer's guidelines
- the installation meets all relevant standards, building codes, local council requirements and requirements of the Victorian Energy Efficiency Target (VEET) Act 2007 and the Victorian Energy Efficiency Target (VEET) Regulations 2018
- the installation meets my expectations, as the energy consumer, and is fit for purpose
- the information provided is complete and accurate and that I am aware that penalties can be applied for providing misleading information in this form under the Victorian Energy Efficiency Target (VEET) Act 2007.

Activity Checklist

1. Check Installer section of the form to see what installer qualifications will be required (licensed plumber, licensed electrician, registered builder etc)
2. Check if the products purchased/installed are approved (see **Product Checklist** below)
3. Review **Evidence Checklist** below to make sure all documents will be available
4. Ensure your camera can take pictures with GPS location saved – this can be set in camera settings and you may also need to enable GPS and/or Mobile Data on your phone. Remember to disable this feature after installation if you don't normally use it or share your pictures with friends or social media. Please make sure your camera creates JPG files not JPEG as JPEG format does not preserve pictures internal information.
5. Arrange installation
6. Collect evidence as it becomes available
7. Check the assignment form (this form) is filled in and signed by all parties
8. Scan all documents (or take picture). Ensure all details are clear and readable
9. Send all files to support@homelab.com.au – for larger pictures you may need to send multiple emails.
10. We will then process and submit the claim. The registration may take 4 weeks or more and when successful we will contact you for bank details to pay your rebate.

Evidence Checklist

✓	Evidence – check Activity Guide for any changes/updates to this list	Req
	Closeup picture of brand/model/serial number of new appliance/product	Yes
	Picture(s) of new product/appliance after installation	Yes
	Purchase invoice with business name, address, brand and model of installed product	Yes
	Filled in Assignment Form (this form) and signed by all parties	Yes

Product Checklist

To check if the product is approved and how much rebate you can get

1. Go to <https://www.veu-registry.vic.gov.au/Public/Calculator/VEECCalculator.aspx>
2. Select activity date = current or past date
3. Select Sector = Business
4. Select activity from pull down list

Note: The screen will refresh with additional input fields specific for each activity.

5. Fill in all required fields.

Note: Product Brand and Product Model fields contain the list of approved products for the activity, so if you can't find your specific product on the list it means it is not approved and you cannot claim rebate on it.

6. Press Calculate button at the bottom of the page
7. The screen will refresh and will have a number of "Eligible VEECs" (certificates)
8. Use Voucher Multiplier from SBESP Schedule to calculate number of SBESP vouchers
9. Multiply Vouchers and VEECs by \$40(inc GST) to get the amount of rebate
