

Section 1: Consumer rights information

As the energy consumer, you own the rights to create certificates for energy saving activities undertaken at your premises under the Victorian Energy Upgrades program. One certificate represents one tonne of carbon dioxide equivalent (CO₂-e) to be reduced by the activity. You are able to assign your right to create certificates to an accredited provider under the Victorian Energy Upgrades program. In assigning your right, the accredited provider will be entitled to create and own the certificates for the activity undertaken at your premises. In return, the accredited provider should provide you with an identifiable benefit (e.g. price reduction on a product, free installation or a cash-back arrangement). You are responsible for ensuring you are satisfied with the terms of the assignment of certificates to **Homelab**, the accredited provider (as detailed below) prior to proceeding with the activity. If you experience any issues with the outcome of this activity, you should contact **Homelab** to resolve the matter. For any outstanding issues, you can contact program staff members at the Essential Services Commission, the government body responsible for administering the program, by sending an email to veu@esc.vic.gov.au.

Section 2: Installation details and installer declaration

Part A: Installation details

Installer details

Name: _____

Company name: _____

Company address: _____

Phone number: _____

Plumber licence number (if applicable): _____

Pre rinse spray valve details

Brand: _____ Model: _____

Number installed: _____

Location(s) at premises where spray valves have been installed: _____

Decommissioning summary (if applicable)

The existing spray valve has a water efficiency star rating of: _____

Where no star rating can be identified, the flow rate of the existing spray valve is (L/minute): _____

Method of decommissioning: _____

Quantity decommissioned: _____

Is a backflow device or vacuum breaker installed at the premises?
 Yes, already installed Yes, included in this installation (plumber licence number required above) No

Please specify what method was used to decommission the product: _____

Installation certificate details

Is a VBA Compliance Certificate required for the work undertaken? Yes No

VBA Compliance Certificate number: _____

Schedule Activity Premises

Was this activity undertaken at a scheduled activity premises? Yes No

Form of benefit: **Delayed Cash** Amount of benefit provided for assignment of certificates: _____

Part B: Declaration by installer

I hereby declare that:

- I have installed the above product at the stated premises where no pre rinse spray valve was previously installed, or in the place of a pre rinse spray valve that did not have a 4 star or higher water efficiency rating in accordance with AS/NZS 6400:2005
- The installation meets the requirements of AS/NZS 3500 and the Plumbing Regulations 2008
- The installed product has a minimum star rating of 6 stars, determined in accordance with AS/NZS 6400
- where applicable the consumer has been informed that a VBA Compliance Certificate and/or Certificate of Electrical Safety is required for the work undertaken and will provided a copy of the relevant certificate within five working days of installation
- I confirm that the above activity was not undertaken at a scheduled activity premises listed on the Essential Services Commission's Register of Scheduled Activity Premises on the VEU Registry. If undertaken at a scheduled activity premises, I declare that the appropriate notification of intention to undertake prescribed activity has been made to the Essential Services Commission
- I have confirmed with the authorised signatory the product installed is suitable for intended use
- the authorised signatory has been informed of the requirements of the product, such as the need for a backflow device or vacuum breaker, and has been made aware of the consequences of not having such a device installed
- where a pre rinse spray valve has been replaced, it has been removed from the stated premises and will be decommissioned
- where decommissioning of an existing product applies, the product(s) replaced as part of this installation was not installed for the purposes of being decommissioned as part of this installation (i.e. the baseline environment has not been altered prior to this installation)
- the installation meets all relevant standards, building codes and local council requirements
- the information provided is complete and accurate and that I am aware that penalties can be applied for providing misleading information in this form under the Victorian Energy Efficiency Target (VEET) Act 2007.

Section 3: Consumer details and declaration

Part A: Consumer details

Consumer details

Business/company name:

ABN/ACN: _____

Industry/business type*:

Installation address:

Installation date:

Have you had an installation done in the past? Yes No

If you answered yes to the above question, please provide reason(s) for the subsequent visit(s)

I have been informed that a VBA Compliance Certificate is required for the work undertaken and that I will be provided a copy of the relevant certificate: Yes No

Part B: Declaration by authorised signatory

I hereby declare that:

- I am the consumer or I have been authorised to assign the right to create Victorian energy efficiency certificates (VEECs) on behalf of the owner of the right to create certificates. I have provided proof of this authority
- the above entity is the tenant/landlord/owner (*please circle as appropriate*) of the premises at the above installation address
- I confirm that the above activity was not undertaken at a scheduled activity premises listed on the Essential Services Commission's Register of Scheduled Activity Premises on the VEU Registry. If undertaken at a scheduled activity premises, I declare that the appropriate notification of intention to undertake prescribed activity has been made to the Essential Services Commission
- the information provided by the installer in Section 2 is correct and complete
- I understand that by signing this form I am assigning the right to create certificates for the installation to **Homelab**
- I have received an identifiable benefit from **Homelab** in exchange for assigning my rights to create the certificates for the above installation
- the Essential Services Commission has the right to inspect the installation with reasonable notice
- where decommissioning of an existing product applies, the product(s) replaced as part of this installation was not installed for the purposes of being decommissioned as part of this installation (i.e. the baseline environment has not been altered prior to this installation)
- I understand that information on this form will be disclosed to the Essential Services Commission for the purpose of creating certificates under the Victorian Energy Efficiency Target (VEET) Act 2007 and for related verification, audit and program monitoring purposes
- I am aware that penalties can be applied for providing misleading information in this form under the VEET Act 2007.

Activity Checklist

1. Check Installer section of the form to see what installer qualifications will be required (licensed plumber, licensed electrician, registered builder etc)
2. Check if the products purchased/installed are approved (see **Product Checklist** below)
3. Review **Evidence Checklist** below to make sure all documents will be available
4. Ensure your camera can take pictures with GPS location saved – this can be set in camera settings and you may also need to enable GPS and/or Mobile Data on your phone. Remember to disable this feature after installation if you don't normally use it or share your pictures with friends or social media. Please make sure your camera creates JPG files not JPEG as JPEG format does not preserve pictures internal information.
5. Arrange installation
6. Collect evidence as it becomes available
7. Check the assignment form (this form) is filled in and signed by all parties
8. Scan all documents (or take picture). Ensure all details are clear and readable
9. Send all files to support@homelab.com.au – for larger pictures you may need to send multiple emails.
10. We will then process and submit the claim. The registration may take 4 weeks or more and when successful we will contact you for bank details to pay your rebate.

Evidence Checklist

| ✓ | Evidence – check Activity Guide for any changes/updates to this list | Req |
|---|--|-----|
| | Closeup picture of brand/model/serial number of new appliance/product | Yes |
| | Picture(s) of new product/appliance after installation | Yes |
| | | |
| | Purchase invoice with business name, address, brand and model of installed product | Yes |
| | | |
| | Filled in Assignment Form (this form) and signed by all parties | Yes |

Product Checklist

To check if the product is approved and how much rebate you can get

1. Go to <https://www.veu-registry.vic.gov.au/Public/Calculator/VEECCalculator.aspx>
2. Select activity date = current or past date
3. Select Sector = Business
4. Select activity from pull down list

Note: The screen will refresh with additional input fields specific for each activity.

5. Fill in all required fields.

Note: Product Brand and Product Model fields contain the list of approved products for the activity, so if you can't find your specific product on the list it means it is not approved and you cannot claim rebate on it.

6. Press Calculate button at the bottom of the page
7. The screen will refresh and will have a number of "Eligible VEECs" (certificates)
8. Use Voucher Multiplier from SBESP Schedule to calculate number of SBESP vouchers
9. Multiply Vouchers and VEECs by \$40 (inc GST) to get the amount of rebate
